

The Water Education Foundation's

Climate Change: Water Adaptation Summit

October 3, 2007

Doubletree Hotel

1707 Fourth St.

Santa Monica, CA

Sponsored by:

The Water Education Foundation

The California Department of Water Resources

This special Summit will bring together top experts to discuss the effects of global warming and climate change on California's water management.

This special Summit is designed to further California's leadership on addressing climate change by fostering development of California water policy options for the future.

Registration for this one-day event is \$225.

Fee includes materials, lunch and reception.

Scholarships are available. Contact the Foundation for more information on scholarship qualifications. For a list of additional hotels in the area, contact the Foundation.

Program Highlights

With California experiencing a very dry year, there is high interest in discussing adaptive measures for a future where increasing climate variability becomes the norm. California's built water system was planned before climate change scenarios were considered. Respected studies now tell us that global climate change will have a devastating, long-term impact on the West's water supply and reliability. In fact, the Southwest may be beginning a permanent drought. The time to plan is now!

This one-day event will bring together agencies at all levels of government, stakeholders and experts to discuss adaptation in areas such as water supply and quality, flood management and ecosystem sustainability in California.

The California Department of Water Resources and many water managers are making extensive efforts to incorporate planning for climate change into California water management. Learn what is being done at this event. The Summit will contribute to that effort by providing a forum for the exchange of ideas on strategies that could be incorporated into planning programs.

Summit Topics Include:

- ▶ Coping with Climate Change Within California's Water System
- ▶ What to do When the Well Goes Dry
- ▶ Bay-Delta Challenges: Salty Water and Slumping Levees
- ▶ Agricultural Perspective on Adaptation to Climate Change
- ▶ Integrated Regional Water Management Opportunities
- ▶ Water, Water, Everywhere: The Flood Management Challenge
- ▶ Local Land Use Planning Opportunities
- ▶ Call to Action on Water and Climate Change

Invited Speaker: Governor Arnold Schwarzenegger

DWR Director Lester Snow will address the Summit and actively participate.

Check in will begin at 8:00 a.m. The program will begin at 9:00 a.m. The Summit will adjourn at 4:00 p.m. A reception will follow. Complimentary Foundation and other materials will be distributed to participants.

Climate Change: Water Adaptation Summit

Registration

On-line registration is available at www.watereducation.org

Faxed reservations will be accepted with purchase orders or credit cards.

Name(s) _____

Title(s) _____

Organization _____

Address _____

City _____ State _____ Zip _____

Email _____ Phone _____

Lunch choice: ☐ Vegetarian ☐ Non-vegetarian

☐ Enclosed is my \$225 registration fee (Scholarships are available. For details, contact the Water Education Foundation)

☐ Mastercard ☐ Visa ☐ American Express Purchase order # _____

Credit card number _____ Exp. date ____/____

Signature _____

(must be signed to process credit card order)

Please return with payment to: Water Education Foundation, 717 K Street Suite 317, Sacramento, CA 95814
